# OLYMPIC BIATHLON EXPERIENCE

## ONE-OF-A-KIND OLYMPIC EXPERIENCE

Discover why biathlon is the most popular winter sport in Europe! As an “aspiring Olympian,” participants are coached by our professional staff as they learn to shoot with precision rifles that are similar to equipment used during the Olympic Games.

After a safety briefing, instructional range orientation, and time for practice, participants engage in a mini fun competition set up for the group. During the winter you will either ski or snowshoe and in the summer choose running or biking. The biathlon course will raise heart rates and give participants a sense of authentic biathlon competition. Participants are challenged to hit all five targets!
