Alpine Slide

Our Alpine Slide is exactly what you'd expect from the place that built one of the most exciting Olympic sliding tracks in the world.

The stainless-steel construction makes a smooth, comfortable ride for kids and adults alike. Not only did we make as smooth a ride as possible, we made sure all the straightaways, drops and turns fit perfectly into the scenic mountainside, just like our Olympic sliding track.

Extreme Tubing takes place on two Nordic Ski Jumps - the K64 (smaller hill) or K90 (larger hill). The landing hill where your ride starts is constructed from a state-of-the-art plastic surface that slides just like snow.
